ARSENAL CANNON 1981 TECH HIGH SCHOOL

We Are Family . . .

This year's yearbook has a togetherness appeal to the family portrait from the "We are a family" theme.

The 1980/81 yearbook stands out among all others. Togetherness is the name, and Tech Titans are the main game. So open up to memories of the past, fun, friends, and follies of the years past.

Come take a look at our family album.

Top Right; Look at it this way, I don't want to go to class.

Middle Left; Hey guys look at the freshman.

Bottom Right; One of these days I'll be a big sap.

Top Left; One of the many buildings on Tech campus that is historical and full of beauty.

Top Right; Lester Stansberry alone while everybody else has gone home.

Middle Left; Look in a distance far away; it's Bobby Shipman and he's heading for class.

Bottom Left; It gets lonely about 8th or 9th period everyday.

Work On Tech Campus Helps Bring

At Tech, we are a family. We work together on most of all we do. Tech is a place to learn and be happy. Here we learn together, study together and even sometimes work together.

Our work consists of our school studies and for some of the students, getting to class on time is a job. Learning to build houses, weld, cut hair, dry clean and cook are also jobs which are taught here on Tech campus.

As was stated before, whatever we do, we do it as a family.

Above; In the potpurri of over 4000 students we find a lot of character coming out of the Stuart.

Right; The beautiful Tech grounds have many scenic objects as this cool refreshing fountain on Woodruff Place.

Beauty To Campus And It's Surrounding

Above Middle; Students feel relaxed in the warm and nature-filled campus at Tech.

Left; Tech students have a flair for being friendly and natural, characteristics similar to their campus.

Above Right; Billy Haak intently reads the school newspaper amidst the confusion of the cannon office.

Parts Of The Family Like To Just Fiddle Around

A Fiddler on the Roof, sounds . . . But here at Tech it's just another name for the talented cast. This year's musical was a lively and convincing production with new and different choreography.

The story was delightful and the acting refreshing and very Jewish especially in the case of Yente the matchmaker.

The cast was equally divided as newcomers and experts managed to make the show truly enjoyable.

Thanks cast, directors, and everyone involved for a fine show.

Constable (Dan Stock) commiserates with Tevye (Mike Wilson).

Golde (Tammy Marcum) and Yente (Tina Stewart) pour their hearts out to each other.

Traditions, all important to Anatevka. The whole town is out to tell all about it as the Fiddler watches on.

Chava (Sheila Massey) and Hodel (Carol James) sing of making a match.

Left to Right; Bielke, Shprintze, Chava, Hodel, Tzeitel, Motel and Golde meet Perchik, that crazy student.

Sabbath Prayer, an old Jewish custom observed by Tevye and his family.

Fruma Sarah (Lisa Aubrey) is scaring everyone to death.

Tevye (Mike Wilson) talks to the Man upstairs about his horse.

Hodel (Carol James) tells Perchik (Jeff Rhoads) he'd better marry her.

Everybody Needs A Little Rest

Above Center; Faculty meets new teachers around the cider barrel.

Above Left; Like we say, "Laziness runs in the family."

Below Right; And this is my best side.

Rest seems to be a necessity—a necessity to life, a necessity to Tech students! Rest is evident in many classes, but you have to remember, it's "only in the boring classes." Relaxation is a must, and whatever we must sacrifice, we will.

Above Left; Mr. Craig rests while he examines the football game.

Above Right; On their free time and between classes, these students take a break.

Above Middle Left; Our yearbook editor Lenny Evans rests from his Labors?

Bottom Left; Relaxation on Tech Campus between classes is very frequent.

The Family's Great . . .

"If Only For One Night" was the motto for this year's juniors and seniors. The 1980 Junior-Senior Prom was a big success for everyone. They danced all night to the music of Fat Chance and ate and drank to their heart's delight.

The prom was a highlight in the year for all who attended or were involved. In years to come, they will remember the friends, the music, that special someone, or even the food. They will look back and think of the good times, and they will think immediately of the 1980 prom and say "It was fun even 'If Only For One Night'."

Upper Right; "Am I the life of the party or not?" says Roger Debruler.

Left; Greg Dulen, his date, and Mark Mitchell and Jackie Shanon are all decked out in their finest. Look out prom, here we come!

Middle Right; Look Mom, I can dance!

Bottom Right; Your Royal Highnesses? Becky Robbins and Jeff Rhoads, juniors; Sharon Deatrick and Mark Mitchell, seniors.

If Only For One Night

Top Left; Is that serious enough, guys? Come on I'm having fun.

Middle Left; King and Queen amidst their subjects "If Only For One Night."

Middle Right; Don't those two look happy?

Bottom; Hurry up and take the picture! I'm busy.

Work, Rest, And Finally Play

To play is to live. Playing is seen all over our campus. Whether it be in gym or just in our free time, playing is fun, but we must remember, our work comes first.

We strive for the best in class, but when class is over you had better look out. Tech students have fun whenever they can have fun.

Top; Seniors have fun, taking the time to build the float.

Middle Right; NAAAAAAAAAAAAAH!!!!

Bottom Right; Tommy Curren does a little dance for us ¡Olé.

Above Left; Smile pretty for the camera.

Below Left; Penny sings the "Blues."

Middle Right; What on earth is Janet doing?

Won Two But Not Three

Our 1980/81 Homecoming festivities were a success this year, as they have been in the past. The football team was defeated by Roncolli for the first time in three years.

The half-time activities this year included the annual senior roll room float parade, the fireworks presented by the Key Club, a routine by the marching band and majorettes, and of course the crowning of the King and Queen. 1980's Homecoming Queen and King were Angie Lewis from 722 and Rodney Jackson from 721. The winner of the float contest was 648.

Tech's graduates and alumni were there to cheer Tech on.

Top Right; Key Club presents a fine half-time fireworks display.

Middle Left; Homecoming candidates left to right, Vanessa Williams, Eduardo Vasquez 648, Becky Robbins, Larry Robey 640, Angie Lewis, Richard Nesser 722, Stacey Jackson, Rodney Jackson 721, Isadore Cosbey, Debora Brade 702, Doug Bane, Fonda Brown 701.

Middle Right; Angie Lewis with victory tears of joy as she awaits her crowning.

Bottom Left; Titan Express circles the field in search of a victory. Roll room 648.

Top Middle; 648 is on a mission from God, as they win the half-time float contest.

Left Middle; The Picture tells the story.

Far Right; Titans in 722 think big.

Bottom Left; Roll room 702 is in a quest for a doctor.

WE ARE FAMILY

The seniors of the Tech family have reached the turning point in their lives. They have worked their way up from Freshman, to Sophomore, to Junior and now Seniors. Now What? Jobs, Families, Careers, or More Schooling? Tech has helped them decide what to do.

Whether a graduate becomes an Architect or a Zoologist, Tech has had some part of it. Their four years are almost over but many more are yet to come. Now it is time to look back on our memories of Tech and go on.

Seniors, What Now? You Decide!

SENIORS

Citizenship Through Tech Legion/Honor Sweaters

A very big highlight in many Seniors' lives is the chance to be in Tech Legion. Students are given merit points each semester by their classroom teachers and activity sponsors. After seven semesters, these points are totalled up and the top 10% of each class has the honor of being in Tech Legion. The top 10% of these students are then honored as captains with the top boy and girl as co-commanders.

Tech Legion lets the community see the finer qualities of Tech through discipline and courtesy of these outstanding students.

Upper Left; Constance Sims, Susan Price, Mathew Sufay.

Upper Right; Jeff Davis, Anita Chambers.

Senior Council—Senior Sponsors

The senior council is made up of the senior officers of the six different roll rooms plus a few extras. The officers of this year's senior council are: Anita Chambers, President; Richard Messar, Vice President; Judy Wilson, Secretary; Crystal Carney, Treasurer.

With the help of the senior sponsors, Miss Lou Mann, and Mr. John Kanouse the seniors will plan ahead for the rest of the year. They are concentrating on the Junior/Senior prom as of right now. Good Luck seniors of '81.

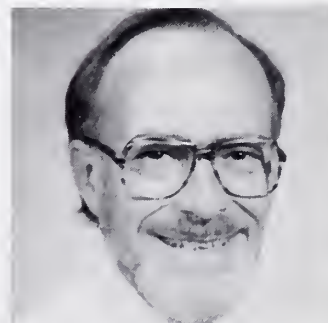

Senior Council Members: l-r; 1st Row; Lashalle Hiser, Jacqueline Roberts, Vavessa Williams, Stephanie Gilliam, Judy Wilson, Anita Chambers, 2nd Row; Sherri Vanlaningham, Penny Adams, Constance Sims, Debbie Martin, Susan Price, Becky Robins, 3rd Row; Rodney Jackson, Demetria Gray, Deanea Hinton, Richard Messar, Kevin McFarland, Crystal Carney.

The end is near of our senior year. Many things have happened to us in these past four years. New acquaintances made into close friends, close friends brought even closer.

As we come to the end, we remember the fun we had chasing the freshmen and looking down on the "underclassmen."

Tech has a lot to offer each and every one of us. As we look back we think about all the books we had to carry and all the studying we had to do. But through it all we got our education and we are proud of being a part of the Tech family for our four high school years. Whether or not we further our education or whether we go out and get a job, Tech has played a big role in what we do with our lives.

Thank you Tech for giving us a place to continue our education and giving us the family atmosphere to continue it in.

SENIORS—The ending of our high school life, but the beginning of the rest of our lives.

ACTIVITIES

WE ARE FAMILY ACTIVITIES

We Tech Titans are a family. We do so many things together; activities are a big part of Tech's family. Lots of things are included in the word "Activities": the various clubs of Tech, R.O.T.C., Musicals, Drama and even bowling. Tech has a number of things to keep you busy if you have absolutely nothing to do. Our family needs your support. Get involved, younger generation!

Speech Team Initiates Large NFL

This year's Speech Team has been extremely successful in competition with schools from all over the state. The team coached by Mrs. Alice Goodrum has won a trophy at almost every meet, winning first at Connersville against 16 other schools and second at a number of other schools.

Tech has managed through hard work by coaches, speakers and others who assist the team during the year, to defeat some of Tech's biggest competition. Among schools defeated by Tech this season were Warren Central, Perry Meridian and powerhouses North Central and Connersville.

Right; Mrs. Goodrum, Tech speech coach, figures the team score at the Connersville meet.

Goodrum, Sam Greene, Susan Price, Cindi Anderson, Dawn Williams, Martha Haynes, Brandon Marsh, Susan Maxwell, Ron Ramey, Stephanie Burroughs, Harry Gary, Tim Graves, James Curry, Harry Nelson.

At Tech if a student joins the Speech Team he or she becomes part of a very special group. Through further speech work a speaker gains points, 25 of which will give a speaker enough points for NFL.

NFL is the National Forensic League, a national honor society for speakers. Points for NFL are awarded on the basis of points received in the different rounds; some categories receive more points than others.

This year's officers are Susan Price, president; Geoffrey Davis, vice-president; Stacey Green, secretary; and Cindi Anderson, treasurer.

The lights are low, the curtain is down, the audience is gathering in the auditorium, anxiously awaiting the opening of "The Technical Crew Revue." That was the setting for this year's Drama Club One-Act-play.

Sponsors Judith McBride and Stan Minks tried something new this year. Instead of the traditional two or three plays presented in modern style with a lot of mime, they decided on a revue type play with several short skits.

The Technical Crew Revue was well received by the audience and the actors had an enjoyable performance.

The One-Act-plays are not the only plays with which the Drama Club is involved. This year they participated in the fall play "Stardust" and the spring musical "Annie get your Gun."

The more experienced members of Drama Club, after accumulating 10 points through dramatic work, enter the national honor society for outstanding drama students, the Thespians.

This year's officers are Susan Maxwell, president; Janet Mumaw, vice pres.; Debbie Spellman, secretary; and Doug Bane, sergeant-at-arms.

Students At Tech High School Practice Vigorously

Denise Ulsh was student director. Susan Price, a senior, played the lead; Prudence Mason, an actress from Broadway; Tim Graves, a junior, played the outrageous director of the acting school. Stacey Greene's performance as Claire Carter, female sub-lead, had her audience spellbound as Pru's witty friend. Jeff Rhoads very colorfully portrayed Jerry Flanagan, male sub-lead, a talent agent from Hollywood. Juvenile leads were played by Tina Price as Janet Ross, Kevin Warner as Phil Ford, the "loving couple".

Students at Tech High School practiced many hours in order to give the performance of *Stardust*. This romantic comedy by Walter Kerr gave the performers a chance to enrich and expand their acting abilities. Mrs. Goodrum commented that she was very proud of the cast and its performance. The majority of the cast were young and inexperienced; however, they gave a professional and polished performance.

Students put a lot of effort into this performance.

Brenda Bottoms as Cynthia Keene dramatically speaks of her precious flowers to John Redman, played by Sam Greene.

Denise Ulsh directs students on their lines as John Redman and Raimond Brown (Harry Nelson) have a duel.

For The Performance of Stardust

Tim Graves, the crazy director Mr. Bach, welcomes Prudence Mason (Susan Price), the visiting actress from Broadway.

Tina Price playing Janet Ross, is surrounded by curious fellow actors.

Students are over dramatic while practicing a chorus for a play.

By Walter Kerr

Starry-Eyed Actors Give Excellent Performance

In chorus, the students of the acting school grope for the neck of the frightened visiting actress, Prudence Mason (Susan Price).

Prudence Mason (Susan Price) and her fiancé Arthur Scott (Glenn Williams), give the place a look-over.

Students excitedly encourage Prudence to sign the contract.

Janet Ross (Tina Price) knows when to flirt with talent scouts. (Jeff Rhoads)

With Mrs. Goodrum as director and her assistant Denise Ulsh, along with close to twenty actors and actresses, an outstanding performance of *Stardust* was given. The Fall Play, *Stardust*, by Walter Kerr, was selected and directed by Alice Goodrum, Tech's fine speech and drama coach.

Claire Carter (Stacey Greene) gives a dramatic interpretation of Cleopatra.

Janet Ross has mixed feelings about an admirer who has just proposed marriage.

Claire Carter comforts Prudence who has been maliciously treated on stage as Cleopatra.

John Redman (Sam Greene) and Raimund Brown (Harry Nelson) have a dramatic duel.

Stagecraft Members, The Workers Never "Scene"

The set for *Stardust*, the work of the stagecraft club.

Mr. Browne and helpers paint a backdrop.

1st Row; Chris O'Connor, Gundula Lawrence, Jane Lawrence, Wynona Coggins, James Lawrence, 2nd Row; Lisa Sutton, Mr. Ray Browne, Todd Quack, Eleni Svolos.

The purpose of the stagecraft club is to learn all they can about the work of technical crews in putting a production on the stage. Judging by the sets for the fall play and the spring musicals, they do an admirable job.

This year's officers are Chris O'Connor, president; Eleni Svolos, vice-president; and Wynona Coggins, secretary-treasurer.

The One Acts Rate Number One

Did you ever hear anyone talk about the "Technical Review?" This is a group of short skits put on by the drama club practiced for five weeks to get ready for their production. The skits were of many different things such as "A day at the zoo," "The human telephone booth," "The magician," and many more very amusing skits. The groups came out of everything with a wonderful production and a very satisfied audience.

Top Left; Debbie Spellman puts much thought into her character.

Bottom Left; Anna Amato as the "Fly" in 1981's one act's.

Bottom Right; Could this be "The day at the Zoo?"

Techoir Sings From Their Heart

Below Center; 1st Row l-r; Julie Wilson, Pam Henshaw, Debbie Spellman, Valerie Myers, Dagmar Butte, Stephanie Gilliam, Tina Price, Regina Bonds, Sandra Jones, Susan Price, Becky Robbins, Andrea Gudwin, 2nd Row; Gizelle Roberson, Angela Pfile, Geneva Brown, Jeneen Sherrod, Sherry Vanlaningham, Valerie Danford, Debbie Martin, Sarah Daniel, Jacqueline Parris, Karen Smith, Theresa Hapner, Miranda Bryant, 3rd Row; Ted Clark, Jeff McKinney, Ben Vorhees, Bryan Allen, David Carter, Lawrence Martin, Lynn Curry, Paul Murphy, Harry Nelson, Dwayne Hall, Marcy Quintana, Lester Stansberry, Jeff Rhoads. NOT PICTURED: Chris Chaney, LaShalle Hiser, Jay Hood, Margaret McRoy, Kathy Mathews, Janet Mumaw, John Reed, Tom Roberson, Brenda Smith, Donna Mathis, Richard Lay.

Above Right; Valerie Danford, Sherri Vanlaningham, Sarah Daniels, Debbie Spellman, 2nd Row; Ben Vorhees, Ted Clark, Jeff Rhoads, Paul Murphy.

Techoir is considered the top singing group at Tech. This group meets every day during the fifth period to practice for concerts and contests. Many students give up their lunch period to be able to participate in Techoir.

Some of the students took beginning vocal classes during their freshman and sophomore years to prepare for Techoir. Tryouts for Techoir are at the end of each year. The best and most talented singers are chosen to join the group the following year. The Techoir sings all different types of songs such as classic, religious, spiritual, and pop music. All of the small ensembles which are Madrigals, Boys' Octete, and Girls' Ensemble are chosen from Techoir. The group is directed by Mr. Paul Prather, the music department head, and Mrs. Kandis Brown accompanies the group.

Upper Left; Tenors and Basses work in their parts.

Lower Left; Techoir practices for contest in which a first place medal was received.

Middle Right; Director, Paul Prather plays the piano as his choir sings along.

Girls' Ensemble

The Girl's Ensemble is made up of 7 girls this year. These girls work very hard on mostly pop music to take to contest and to perform for many different places. The girls do a number of voluntary performances for the salvation army, churches, students, assemblies, and teacher get togethers.

Tryouts are held at the end of each year to replace the graduating seniors. The very talented director is Mrs. Kandy Brown.

Upper Left; Tina Price, Karen Smith, Sherri Vanlaningham, Valerie Danford, Teresa Hapner, Debbie Spellman, Brenda Smith.

Middle Left; This goes to show that ensemble girls are good enough for Techoir.

Lower Right; Girls' Ensemble wave their hats as they finish a performance.

Boys' Octete

Boys' Octet is composed of 8 boys this year unlike last year's 12. This hurt the boys in size but they still can make that sound be heard.

The boys' Octet sing, barbershop, folk and pop music mostly and are under the direction of Mr. Paul Prather.

Upper Left; 1st Row; Bryan Allen, Paul Murphy, Bret Rent, Ted Clark, 2nd Row; Dwain Hall, Ben Vorhees, Jeff Rhoads, 3rd Row; Lester Stansbury.

Upper Right; Just like Girls' Ensemble there are guys who are in Octet that can make Techoir also.

Lower Left; Boys' Octet practice before their next outing.

Madrigal Singers Recall The Past

Madrigals are one of the small musical ensembles that are picked from the Techoir every year. Our Madrigal group represents the early English Madrigals. They basically sing music from the 15th and 16th centuries. For the second year in a row they have had what is called a Madrigal Dinner which took place in the Colonel's Cupboard. The atmosphere of the dinner was of medieval times. The Madrigals' plan on carrying on this tradition in years to come.

Top l-r; Lawrence Martin, Tom Roberson, Angie Phifle, Janet Mumaw, Marcie Squintana, David Carter, Sara Daniels, Margaret McRoy, Julie Wilson.

Bottom Right; Mr. Gary Conway, the dedicated director of Madrigals, often finds the time to smile.

Girls' And Boys' Concert Clubs Are A Joy To Hear

The Girls' and Boys' Concert Clubs are the groups before Techoir. These two groups perform at various places but mainly at programs on Tech Campus. Mr. Paul Prather is the sponsor of the Boys' Concert Club and Mrs. Kandi Brown is the sponsor of the Girls' Concert Club.

These groups work hard every day for forty minutes to prepare for state music contest. Good luck singers!

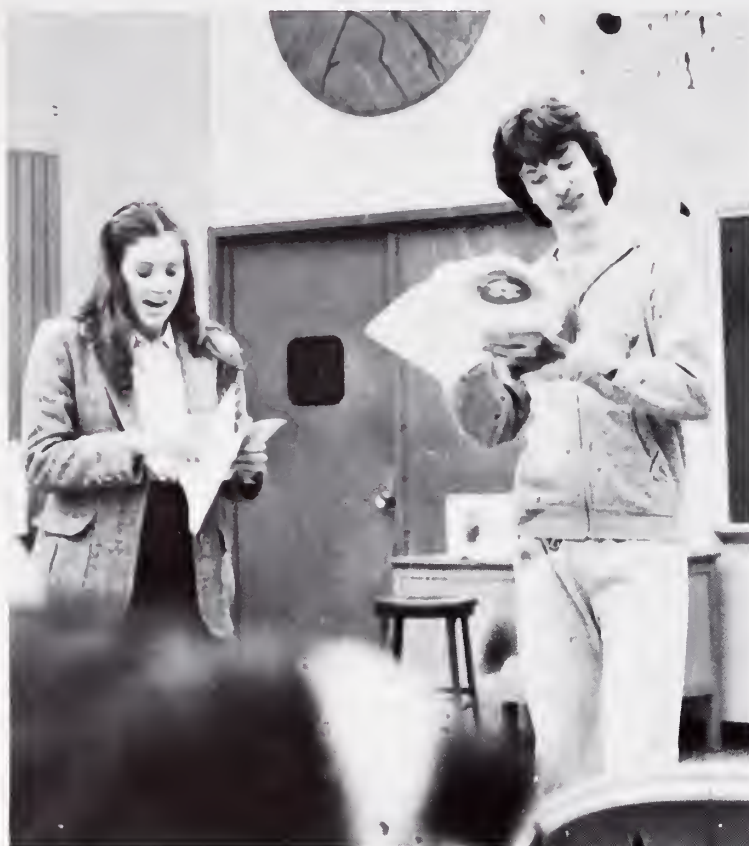

Lower Center; 1st Row; Joycelan Hyche, Darlene Carter, Sue Bennett, Teresa Darty, Jennice Robinson, Tyonia Hamilton, Leah Wolcott, Debbie Martin, Anna Amato, 2nd Row; Vickie Manis, Tammy Allen, Terri Cunningham, Cleovis West, Glondina Journey, Sherry Strough, Irene Wilson, Twyla Bartlett, 3rd Row; Vanessa Waters, Denise Ulsh, Paris Stewart, Tiersa Green, Kelly Brinkley, Terri Baker, Lori Armour.

Middle Left; 1st Row; Daryll Trotter, William Jackson, Gary Bennett, Richard Trotman, Donald Johnson, Barry Young, Frank Poventud, Derik Manning, 2nd Row; Joe Fuller, Rodney Mills, Lenard Hiser, Marty Corpuz, Mike Moore, Clayton Williams, Glen Johnson, Tim Spradlin, Shannon Williams.

Upper Left; Boys' Concert Club experiment with different sound techniques.

Sensational Actors + Melodious Voices = Tech Musical Of 1981

Upper Left; Everything is under control at this rehearsal, that is as long as Charlie Davenport (Jeff Rhoads) can remember to crack a happy smile for Annie Oakley (Debbie Spellman).

Upper Right; Minnie and Jessie (Tina Price, and Pam Henshaw) listen quietly as they read along in the script. They are two of Annie's three sisters.

Lower Right; Frank Butler (Marcie Quintana) can't seem to make up his mind about popping the big question to Annie.

"There's no business like show business" echoed through the auditorium as the performance opened. The same feeling held the audience spellbound as "Annie Get Your Gun" sparkled March 19, 20, and 21. A wonderful cast led by Debbie Spellman as Annie Oakley and Marcie Quintana as Frank Butler had two long months of hard work invested. When the final curtain went down, not only had Annie got her man, but the cast had captured the hearts of the audience.

Musical Practice Makes Outstanding Performance

Upper Left; Annie carefully goes over her lines in a short break in rehearsal.

Upper Right; Nellie (Dagmar Butte) is embarrassed by Little Jake (Tim Spradlin) as Annie looks on.

Lower Left; Minnie may just be yelling at her dear little brother. Maybe being out of Darke county, she's yelling at boys.

Middle Right; "Are you sure Frank will like it?" Annie questions Charlie and Buffalo Bill (Ben Vorhees). Being Frank's trusty friends of course they say "yes."

Orchestra And String Ensemble

Upper Right; Mr. Nobles leads his orchestra in a 9th hour practice.

The orchestra is composed of members of the symphonic band which are good enough to survive the cuts and make try-outs. The orchestra plays behind the scenes at various different performances, such as musicals and plays, etc.

The sections that make up the orchestra are the string section, woodwinds, percussion, and brass sections. The director that makes the orchestra sing is Mr. Ron Nobles.

[illegible]

Lower Right; 1st Row l-r; Brenda Smith, Donna Mathis, Crystal Carney, Valerie Myers, 2nd Row; Mr. Nobles, Julie Wilson, Melannie Keane, Tammy Allen, Susan Maxwell, 3rd Row; Jeffery Johnfauno, 4th Row; James Turner, Larry Banks.

Bell Choir Rings Out From The Music Building

Bottom Right; 1st Row l-r; Leah Wolcott, Sherry Strough, Debbie Martin, Anna Amato, Julie Harlan, Cathy Hess, Tammy Allen and Director, Mrs. Kandis Brown, 2nd Row l-r; Sherri VanLaningham, April Grimsley, Jeneen Sherrod, Pam Henshaw, Tom Curren, Paul Murphy, and Lester Stansbury.

Top; Bell Choir engrossed with their practicing.

Bottom Left; Bell Choir performs at the Valentine's Day Tea.

Bell Choir, a group made up of talented musicians, meet third period every day practicing very complicated pieces of music.

The bells were donated to the

Tech music department in 1966 by Ruth Leburge in honor of her parents Mr. and Mrs. Bert. There are 61 bells ranging from high C to low C and make up every note on the piano.

The Bell Choir performs at many different places such as churches, schools, and nursing homes. Much is expected out of each student such as knowing how to read notes, count beats and measures, and just plain concentrate. The talented and dedicated director of this group is Mrs. Kandis Brown.

Symphonic, Stage, And Concert Bands

Symphonic Band is the top band in the music department and is directed by Mr. Lee Barricklow. This band plays in the Christmas, in the Round, the spring concert, and they also go to contest.

Concert Band is the second band or "B" band. It is directed by Mr. Evans. Both of these bands are joined together in the spring to make the Tech marching band.

Stage Band is made up of the best musicians from certain parts of the Symphonic Band. The stage band plays both pop and rock songs. They play in festivals, and at different places outside of school, and they also play in Christmas in the Round.

Upper Right; Forrest Stearns, Johnathon Thompson, Jim Hornadag, Keelyu Evans, Lisa McDonald, Eric Laughlin, 2nd Row l-r; Joe Orland, Robert LeFevers, Jim McDonald, Jogh Sullivan, Mr. Lee Barricklow, 3rd Row l-r; George Didley, Stan Jajuga, Victor Vondersaar, Jerry Dodson, Scott Stackhouse, Not Shown; Cornelious White.

Upper Left; It's funny how they're supposed to be playing their instruments instead of smiling big for a picture.

Middle Left; Mr. Lee Barricklow tries to get his band in tip top shape.

Below Center; Stage Band shows how to do things right at a performance at open house.

Marching Band

Half-time usually means a rushing stampede to the concession stand . . . but those that have already got their fill can direct their attention to the Marching Titans.

This group has been very busily trying to raise money for the new uniforms they got this year. They perform during half-time shows of football games. To enhance the performances of the marching band are the majorettes. This spirited group displays eye-dazzling routines that are achieved through much time and effort.

1st Row; Metawee Malone, Elaine Jackson, Elisha Storey, Angie Lewis, Theresa Hapner, Lisa McDonald, Becky Robbins, Rita Keithley, Lynda Vaughn, Vickie Hewlett, 2nd Row; Kathy Jordan, Elisa Aguilera, Cleovis West, Janet Mumaw, Cindy Hatcher, Melissa Kidd, Diane Holman, Denise Ulsh, Valerie Danford, Cathy Hess, Lisa Payton, April Grimsley, Kathy Dodson, 3rd Row; Eric Laughlin, Keeley Evans, Tami Curren, Joe

Language Clubs Speak Out For Their Cultures

Spanish And French

Spanish and French clubs do much to promote friendly feelings for our neighbors to the South of us and the neighbors to the north of us.

Last year, the Spanish Club traveled to Mexico, and the French Club journeyed to Quebec in French speaking Canada.

Upper Right; The French club feeds its face.

Lower Left; Crepes anybody?

Lower Right; Two members of the Spanish Club look interested.

German And Latin Clubs Have Parties

The German Club had a tasting bee. Each person paid \$2.50 to get a taste of that delicious German delicacy. Among the foods served were apple streusel and two German sausages. Tom Curren, president of the German Club, served the food along with other members.

The Latin Club is lacking in members. It is a very active club. They take trips to La Scalles, and the national meeting at the Convention Center. The party they had the last day of the semester featured Latin bread and cheese, with a Latin drink to go along.

Upper Left; German Club members at desk; Tom Curren, Janet Mumaw, Tami Curren, 2nd Row; Sarah Feltner, Julie Harlan, Aline Hample, Dan Stanley (Sponsor), 3rd Row; Steve Wells, Leo Spearman.

Leave it to the Titans to find ways of electronic communication. Two groups on campus practice wire talk, the Amateur Radio Club and radio station WATS. The Amateur Radio Club teaches members everything from Morse Code to bouncing signals off the moon. The group uses ham radios, telegraphy, and other communication techniques.

WATS broadcasts the school announcements every day at roll call. Members practice the skills of radio announcers, mixing information and humor to brighten a dull roll call.

Two-Four-Six-Eight . . . Cheerleaders Lookin' Great

Who is full of cheers and great school spirit? The varsity, reserve, and freshman cheerleaders, of course! Each of the squads, which was chosen by a panel of teachers and students, tries to appear at its best for each game, win or lose. They represent us well in the eyes of the world.

Tech Bowlers Look To Score High

The bowling team at Tech High School works together at winning. Our bowlers meet every Tuesday after school and bowl each other for competition, but mainly for the fun of it.

The bowling sponsors of the team are Miss Eads and Mr. Demmary. More bowlers are needed but they are trying to make the best out of what they have. The top bowlers and the top team will receive trophies at the end of the year.

Come join the fun and support your team.

Publications Work Hard On Cannon

Members of the yearbook staff often work under pressure to meet deadlines. Publications Y is not a class to take if you come apart when the going gets rough. However, when the book has gone to press and we have all had our nervous breakdowns for a day, we go right to work on next year's book.

Have you ever asked just 'who' writes the school newspaper? It's students just like you. Newspaper is a class that you can sign up to take. The assignments are very different than in regular classes. Mr. C. T. Tresslar, the sponsor, gives topics for the students to report on and get pictures of. The Arsenal Cannon keeps you informed.

Retired Teachers Return To School

An annual event at Tech High School is the returning of the retired teachers. The teachers come back, eat lunch, talk about old times, and more than likely about old students. Genealogy Climbing The Family Tree

The Genealogy club is unique. There are very few schools in the country with a club of this type. Members of the Genealogy Club learn to research their roots.

Students begin by contacting family members and obtaining all information possible. Then, they try to determine which part of the information is factual and which is traditional, and possibly inaccurate. The next step is to visit the Indiana State Library and check census records. By checking in the card catalog, a student may find references to his family name. A check of these records will often lead to a complete record of one branch of the family.

In pursuit of roots, students learn valuable research skills.

Distributive Education Is Quick On The Job

Students who are in DECA put forth a lot of effort into their projects, but the results make it worthwhile. One of their projects includes a social service affair. This year all proceeds of a Donkey Basketball Game went to Muscular Distrophy. The students had fun at the game and they deserved it, after all the hard work they did. The students also sell candy to help pay the traveling expenses involved in DECA competitions. The Titan Shack in the student cafeteria is another money-making project.

WE ARE FAMILY SPORTS

We as a family, waiting for the next basket, the next touchdown, even field goal. As we sit watching, anticipating every move excitedly, we draw closer together as a whole. Excitement builds as the green and white team runs down the field or the court, whatever the case may be. It keeps building, building up so much that you can't stand it. Then when that field goal, basket or touchdown is scored, satisfaction is finally ours. Expectations of fun and winning have been met. The night comes to a close, but memories linger on.

Varsity Track . . .

Tech's boys' varsity track team placed second in the city behind Washington High School. The team sent the 880 yd. relay team; Martin Jones, Discus; and Ronnie Robinson, shot-put; to the state finals. The 880 yd. relay team finished a respectable seventh. Martin Jones and Ronnie Robinson both finished in the top twenty.

Tech's team placed third in the sectionals and third in the regionals.

Reserve Track . . .

The 1980 reserve boys' track team had a particularly good season, losing only one of their regular meets. The fact that the team was considerably younger this year did not prove to be a large setback.

Though they did not compete in the Tech Invitational or any of the other larger meets, they have reason to be proud of their record.

The members all agree that they have performed to the best of their ability, but will be trying harder next year so that they can achieve that perfect season which they all desire.

Freshmen Not Up To Potential

The freshman track team did just as well as the reserve and varsity. They finished the season with a gleaming 12-1 record. Next year's reserve team will be just as good as this year's was. The reserve and varsity teams should be full of these outstanding runners, jumpers, and throwers.

Boys Golf Has An Impressive Season—21-9

The 1979-1980 Golf team finished 8th in the city with a record of 21-9, one of the best in the past decades. According to coach Jay Klein, "the team had the ingredients of a seasoned group of athletes." The team consisted of Denis Menard, a 3 year letterman, two year letterman Tim Koger, Tony Shculer, also a two year letterman, and Mike Shruba, a three year letterman, was the number one man on the team, and also one of the best in the city.

Varsity Baseball Has Tough Season

Last year Tech's enthusiastic baseballers appeared about campus with ready ball mitts and anxious anticipation about the season ahead. 1980's varsity team consisted of returning players, plus a few picked up in try-outs. Most were seniors leaving in 1980, S. Fernandez, R. Wilson, J. Godsey, M. Morris. The team's theme song was "Rocky" the unbeatable.

The varsity team finished with a 6 and 14 losing record.

Reserve Baseball. . .

The reserve baseball team did well this year considering the fact that the reserves do not practice as a team. The reserves are made up of freshmen, who play both freshmen and reserve, sophomores, and juniors who switch off back and forth. As you can see, they don't get a chance to work much on team work and fundamentals.

Freshmen Match Last Year's Record

This year's freshmen baseball team boosted their record over last year's. Several games needed extra innings to decide, they won only one out of three. The freshmen Titans had determination, their bus broke down, but the Titans determined to play, found their own way, carpooling. The Titans' outstanding players were Jeff Fayette and Alan Nelson, two prospective varsity players. Next year's team promises to do bigger and better things, and we of the Cannon staff wish them luck.

Girls Tennis Finishes With 4-7 Season

The Girls' Tennis Team, despite a record of 4 wins and 7 losses, had an interesting year.

In the City, they were 7th out of 14 teams. In the Sectionals, they were 13th out of 18 teams.

Under the direction of Beatrice Harding, the team players were—singles: Debra Hines, Monica Brooks, and Carol James. The doubles teams were Lyn Morton with Dawn Armstrong and Anna Amato with Linda Amonette. Celeste Webster was manager and substitute.

Individually, Debra was in the semi-finals in City's No. 1 tennis. Although the participants went from 10 to a season ending 8, the team had an enjoyable year.

Boys Tennis Team Has A Respectable Season

The boys tennis team finished this year's season with a promising record of 11 and 5.

This year's lettermen were Martin Jones, Anthony Smith, Fred Carpenter, Mark Tolver, Eric James, Stanley Bellamy, Greg Coward, and Mike Warner. This season's most valuable player was Martin Jones. Jones played in the number 1 singles position. The player with the best record was Fred Carpenter, he finished with a season record of 12-4, he was the number 3 singles player. The top doubles team consisted of Mark Tolver and Eric James. Junior, Stanley Bellamy received the Mental Attitude award.

The Titan tennis club is looking forward to another good season next year, as the only players leaving are Martin Jones and Eric James.

Reserve football this year was not up to its expectations, but gave it their all. This year's reserve team has mostly young sophomore students which will give their varsity team next year a strong backbone for the next two years. Hopefully the freshmen can do the same in their upcoming reserve and varsity years.

The Varsity footballers make it the second year straight with a record of 4-6. As the caption reads 4-6, that doesn't tell the whole story. Our team was really only completely out of one game (Chatard), but all the rest were close. At North West we led at half-time (9-7) but lost in the fourth quarter (9-14). Against North Central we were down only one touchdown in the first half but went down to defeat in the fourth quarter. This season was a year of hard losses and close wins. Good luck next season.

Reserve Wrestlers, 2nd In City

Reserve wrestlers were trying to gain a little self pride this year by finishing 2nd in the city meet.

This is a very promising team for next year. When this team and the freshman team get together next year, other schools will have very good reasons to be afraid of the will be over powering Titan team. Individual results in the city were K. Jefferson (1 in city) B. Dowlen (2 in city) J. Wilson (2 in city) J. Yates (2 in city) B. Allen (3 in city) R. Dotson (3 in city) T. Anderson (3 in city) J. Hopkins (3 in city) and D. Hon (4 in city) with this kind of finish how could anyone go wrong. The team lost first by only two points. Good job reserve wrestlers.

Middle Right; That's right, we Bad! We Bad!

Varsity Wrestling Wins Sectionals

This year's varsity wrestling team showed a great deal of talent, with a finish of second in the city at Howe high school.

This team showed great strength in the state contest by winning the sectionals and sending seven people to the regionals. The Titans as a team never went to state, but they sent Junior David Stigger, who finished runner up in the state finals at Market Square Arena, at the 105 lb. class, losing only by the margin of 12 to 4.

This is a team to be feared in the upcoming season. Go for it all in '82."

Varsity Basketball...

80-81 Season Is Good For Varsity

The boys basketball team did better this year than they have done in previous years. With the help of Butch Patterson (sixth in the city for scoring) and the height of Martin Jones they compiled an average of over 50 points a game. At the time of this publication Tech boys had a record of 6-5. There are several lettermen on the team. Next year's team should be just as good as this year's.

Above; 1st Row; Leo Spearman, William Golightly, James Wright, Butch Patterson, Derwin Shields, Stanley Bellamy, Mike Brown, 2nd Row; Coach Ernest Cline, Jesse Evans, Brian Morris, Lewis Bonds, Martin Jones, Vincent Day, Micheal Lewis, Keith Dullen, Ron Golden.

Right; Martin Jones carefully takes a foul shot.

Reserve Has Great Season

The reserve basketball team exploded with a 12-7 season. When they won they won big, but when they lost they lost by minimal margins. Among their toughest opponents were Attucks, Scecina, and Shortridge. The game which stands out most in their minds is the heart-breaking loss to Howe. There were five seconds left in the game, the desperation shot was launched when it landed just short of the basket. The Titans lost by two points. The Titans defeated their next opponents by a wide margin.

Above; 1st Row; Erwin Shields, Mackie Johnson, Darryl Hunter, Raymond Ingram, Johnny Robinson, Manager Walker, 2nd Row; Hiram Bankhead, Ron Jones, Terry Coleman, Leroy McCallister, Edward Peeler, Michael Stone, Coach Craig.

Freshmen End With Good Season

1st Row; Lee Green, Jeff Jones, Dwayne Weddington, Ricky Daniel, Stephon Levell, Robert Warton, Fred Jackson, Tim Gowdy, Joseph Jennings, 2nd Row; Avery Simms, Eddie Hopkin, Mike Stigger, Lary Sleoge, Phillip Glover, Archie Willis, John Miner, Rodney Robertson, Coach Dave George.

In the beginning, the tip-off.

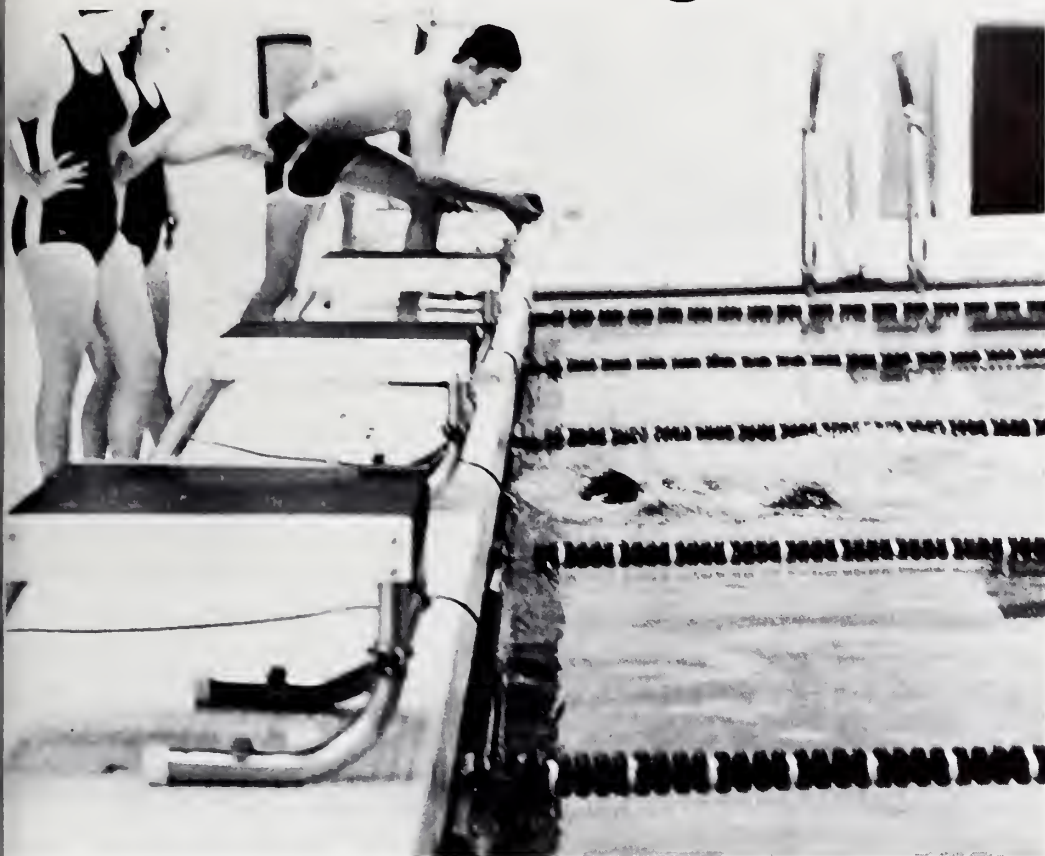

The freshman basketball team rolled off a 10-7 record for the '80-81 season.

Coach Dave George said that Cathedral was the most outstanding team they faced; he also said that Woodview, Warren Central's freshman team was also outstanding.

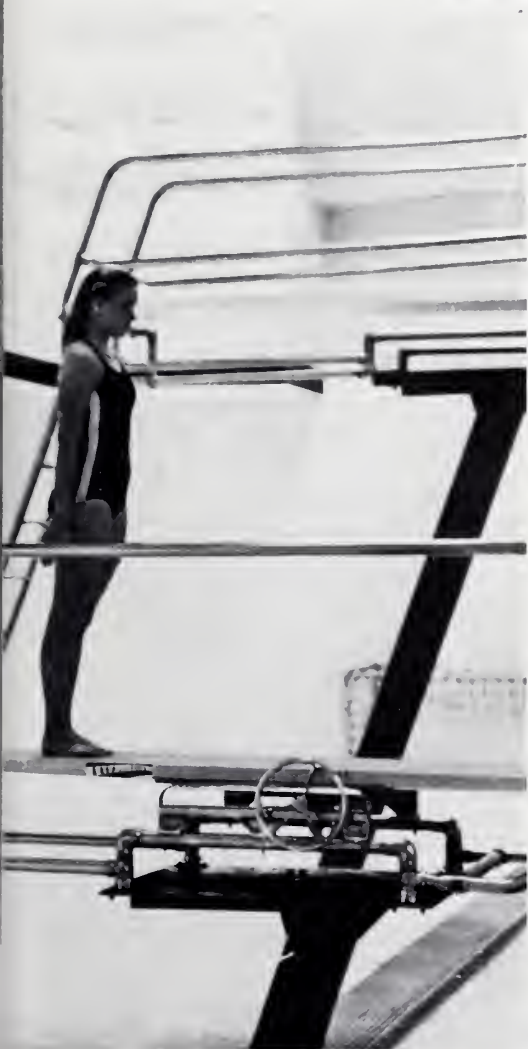

We congratulate Coach George and the freshman team for their winning season.

Girls Swimming Has Good Future

This is the first time the girls swim team has been alone in the five years that Tech has had a team. Many of the girls are new to the team, but they did their best in any event they were in. John Hall also coached them as well as the boys. Coach Hall has devoted most of his time to the well doing of both teams. The girls season wasn't one of the best years that could be expected, with a losing record of 1-5 one could only expect a more promising year in 1981.

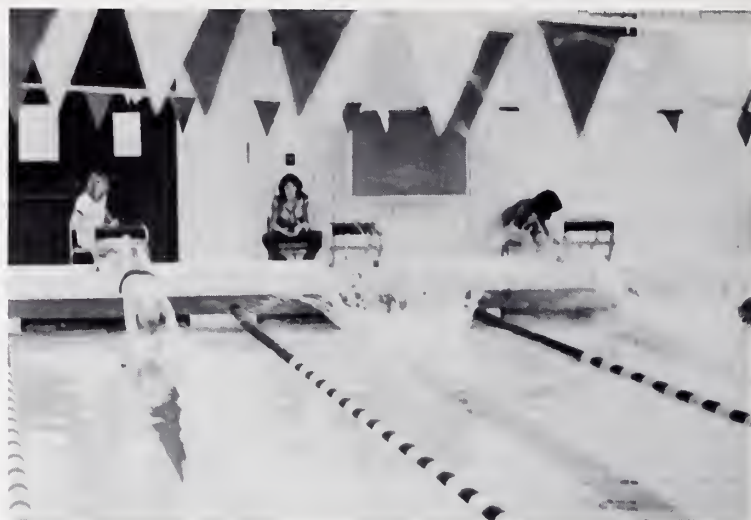

Upper Left; 1st Row; Lori Matlock, Crystal Keys, Terri Wildrick, Terry Young, Teresa Starks, Pamela Franklin, Linda Davis, 2nd Row; Melanie Dillard, Susan Davenport, Gundula Lawrence, Julie Justis, Rochelle Elliott, Debra Price, Chris Rumfelt, COACH John Hall.

Far Right; Charles Fairchild, what a life saver.

This year's boys' swimming team has done a great job without the girls. The boys have won the city championship and trophy for the past three years in a row. All but one of the school records have been broken this year. Coach Hall has done a great job with this group of young men in the past three years as head coach of the swim team. Outstanding swimmers were Charles Fairchild II, Nolan Jenkins, and Larry Robey. Also Billy Haak finished in the number 2 spot in the city diving contest. Congratulations team. CITY CHAMPS!

Varsity Girls Make Best Of Season

The girl's basketball team had a reasonably good season with a record of 8 and 4. Cannadra Goodall and Miranda Bryant were chosen as the top two most outstanding players. The coach, Susie Jahnke said that the toughest opponents that the team had to play against this year were Perry Meridian, Brebuef, Southport, and Warren Central. With the team's capability, teamwork, and the determination to win, they ended up with a very successful year.

Reserve Girls Have Little Improvement

The girls reserve basketball team did very well being in the shadows of our fine varsity team. The girls said that their toughest opponents were Perry Meridian, and Marshall, who also did an outstanding job on our varsity team . . . They played with more sophomores than they did last year.

Next year's team should be just as good.

Girls Volleyball—Varsity & Reserve

When a girl talks about a spike, most people figure she's talking about her shoes. If a girl is on the Tech Varsity and Reserve Volleyball Team, she is referring to her game.

The Tech girl's teams are sponsored by Mrs. Mary Lou Manka and Mr. Don Dailley. This year's team has had a great season, advancing all the way to the city finals.

The team has several outstanding players. Among them, Miranda Bryant, a great spiker, was selected to the All City Volleyball Team.

They are looking forward to another promising season. Who knows, this time they may even win the city.

Above Left; 1st Row; Tonya Claspell, Laressia Brinkley, Trina Avery, Deidre Batts, Loren Anderson, 2nd Row; (Coach) Mary Manka, Selina Gilmory, Miranda Bryant, Deborah Quarles, (Asst. Coach) Donald Daily.

First Year For Freshman

Volleyball, a highly regarded girls sports event. But only the varsity ever gets noticed. Wrong.

Here at Tech, the Girls Freshman Volleyball team has enjoyed a good, if not excellent, season.

The team under coach Don Daily has faced foes from all over the county and has faced the challenge with a team of great depth.

One player, Glenna Massey, played in several varsity games.

Upper Left; Titans prepare to return a short shot over the net.

Middle Left; Titans prove to be pretty mean up front.

In Memory Of Our Friend Chris

Chris Davis was born October 7, 1963 to Harold and Carol Davis. He is survived by his parents, his sisters, Jenny, Gidget, and Sandy and his brothers, John and Mike.

Chris spent his early years at school # 54 and when in fifth grade entered the gifted classes at school #78 where he was an immediate friend and very special person to students, teachers, and administrators alike. He played guard on school # 78's district championship football team.

Chris started Tech High School in 1978 and immediately became involved in many activities there. He joined the swim team and was hoping to play football next fall. Chris marched with the band, sang in Techoir, Boy's Octete, and Swing Choir. He was also a member of the Tech Orchestra and Concert Band. Active in publications he was both a reporter and photographer for the Cannon.

Chris attended Christian Park Church where he was a choir member, active in

youth fellowship and summer retreats.

Chris had many talents but one of his greatest gifts was the gift of friendship. To meet Chris once was to count him as a friend.

the twinkle in his eyes
his big grin
his optimism and joking around
were irresistible.

We all know how Chris could tease.

—was it another joke?

Our sadness today tells us that light

good memories to help us through this
time of tears.

As Mrs. Brown of the Tech Cannon
says, "We are deeply saddened at his pas-
sing, but we can count as one of the great
privileges in our life that we can say,
'Chris Davis was My friend!'"

WE ARE FAMILY

CLASSES

It may seem most people complain about going to their classes. Tech students work together in getting to and from classes.

Some students love classes and then there are the ones who go because they have to. Whether you know it or not, or whether you like it or not, Tech High School cannot function without YOU. Come join us and be a part of our family.

Aerospace, Up Up And Away

Upper Left; Aerospace student learns how to taxi an airplane.

Upper Right; Ted Clark watches in dismay as the teacher shows how it is done in taking apart a plane.

Lower Right; Everybody tries to get into the action.

There are many different types of classes to take here at Tech. One such as aerospace. This is a very fun and interesting class to take. This class really tries hard in the things they do, they also go to the airport a couple of times a year, and learn how to fly on their own. This is a very good class to try your skills at. Try it and good luck.

Computers, A Changing World

Computers is one of the many career classes that we have at Tech for the students to choose from. Cobalt is one of the languages the computer understands. This class is three periods long every day. Students learn how to input programs into the computer.

Here at Tech students are able to get a vocational certificate in computers and this gives them the experience to get a good-paying job right after high school.

Keypunch is another type of class offered in this field. A keypunch machine is a machine that punches information onto cards to make them readable by the computer. Many students are interested in this class because it could lead to a career.

Upper Left; Students learn how to operate the key-punch machine.

Middle Left; Teresa Hapner keys in on keypunch machine.

Middle Right; Students in cobalt finish assignments for a last-minute grade.

Performing Theater Arts & Humanities, Two Great English Classes

Since the English Department instituted the Phase-Selective program, students have been able to take a variety of interesting classes.

The Performing Theater Arts class explores types of theater including mime and learns about blocking, and stage make-up, besides reading the literature of the stage.

The Humanities class investigates the relationships between Literature, Art and History. This class takes field trips to historical places and re-enacts portions from historical novels such as *The Magnificent Ambersons* by Tarkington.

Upper Middle; Dollie Holcomb shows the proper way to administer make up.

Upper Right; During an old time humanities dance, Ron Ramey waits for his next dance with a lady of his choice.

Middle Left; 1st Row l-r; Regina McNeal, Cherlyn Wheeler, Rhonda Valentine, Anna Amato, Judith McBride (teacher), 2nd Row l-r; Kenny Edwards, Dollie Holcomb, Doug Bane, Leslie Frank, Danny Perez.

Lower Right; Leah Wolcott dances with Mr. Conway. What a happy pair.

Photography, Advance and Commercial

This year's photography class was one of the biggest and finest classes ever. There was a photograph contest for commercial, advanced, and beginning photography students. Because of the large number of students wishing to take this class, Mr. Slover has layed out a plan for a new dark room. This is to handle the new students and help prevent the conflict arising from both classes trying to use the same dark room.

Advanced photography teacher Kerry Brown received an involuntary transfer to North West High School at mid-semester break. Good Luck Mr. Brown.

Upper Left; Two advanced photo students discuss the basic features of the 35mm. camera.

Middle Left; Advanced Commercial photography student Curtis Jaskiewicz shows how a fine color print is done.

Upper Right; Advanced Photo teacher Terry Brown looks over a Photography magazine in search of new ideas and techniques.

Lower Left; First year photography student Russel Rebonack writes his assignment before trying to take his pictures.

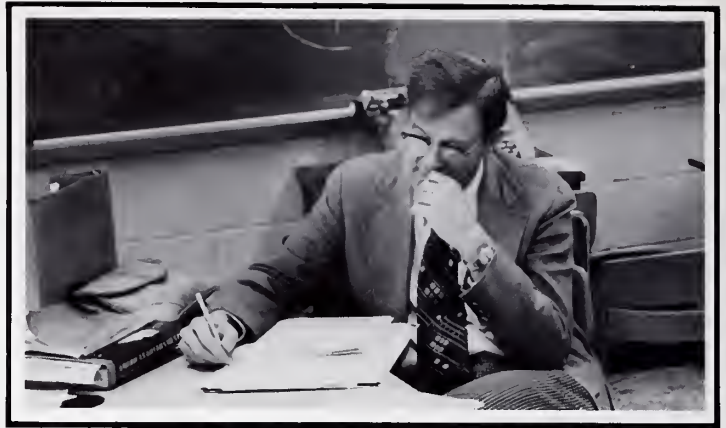

Publication = Newspaper Yearbook

Center Right; Jay Hood and Billy Haak type final copy for their sports pages.

Below Right; Yearbook adviser Joan Brown opens a present during a Christmas gift exchange.

Have you ever wondered where your yearbook and the Arsenal Cannon newspaper come from? The answer is in room 638 in the music building.

Inside you'll find a hustling bustling office full of hardworking people, who try to bring you the best book possible.

The yearbook is sponsored by Mrs. Joan Brown, and the newspaper sponsor is Mr. C. T. Tresslar, who is also the head of the department.

In publications you write stories, interview all kinds of people, lay out pages, take pictures, and learn how to run and operate a publication.

Publications are a lot of work, but they are also a lot of fun.

Jr. R.O.T.C.

Junior Reserve Officers Training Corp is not a military prep course. Leadership is the goal of JROTC cadets, and the program develops this quality. The important abilities of bearing, confidence, and command can be developed through the trial-and-error method the JROTC employs. Every cadet must teach a class on an assigned subject, and demonstrate proficiency in commanding large formations of troops.

JROTC does give its students a big advantage in the armed services. Cadets who finish six semesters of ROTC training may enlist in the armed services at rank E-3. In addition, the program teaches most of the techniques used by basic training camps. Combat and military discipline are the backbone of ROTC instruction.

Top; Inspection is an important part of ROTC class. Here a sophomore cadet inspects the frosh troops in her class.

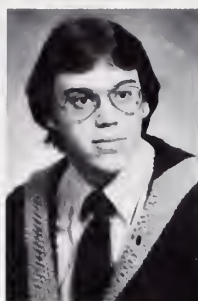

Top Right; Senior Army Instructor ISG Neris Willis administers the ROTC program at Tech.

Now, you can pay your bills and handle most of your banking chores with the press of a button or the turn of a dial...and no service charge. Only Indiana National offers BANK BY PHONE.

BANK BY PHONE is the fast, simple, convenient and economical way to pay your bills without writing checks, addressing envelopes, licking stamps or running to the mailbox. By just dialing the phone, you can pay your department store bills, utilities, loans, credit cards, even your mortgage or rent.

BANK BY PHONE is more than just a bill paying system. You can transfer money between

your checking and savings accounts and get Indiana National VISA[®] cash advances. If you have a

Touch-Tone[®] phone, you can find out your checking account balance. You can do all this from the comfort of your home or office...any time of the day or night, weekdays or weekends.

Obviously, this exciting new service raises a lot of questions. You're invited to drop by any Indiana National branch office for a demonstration and an application. It takes only a little time to set up the account, but in return you'll save a lifetime of tedious bill paying time. Get started today.
